Leadership Service Fellowship

CKI is college and university students who are responsible citizens and leaders with a lifelong commitment to community service worldwide. As a collegiate organization, CKI holds the promise of today's student becoming tomorrow's leader. It exists to meet the personal needs of the individual collegian through the qualities of leadership, the rewards of service, and the unique spirit of friendship. Leadership, service and fellowship; the embodiment of the three tenets of CKI are necessary to shape the future, realized in the colleges and universities of today.

Former Key Club members worldwide are joining CKI. The commitment to serving the children of the world, the dedication to becoming a civic leader, and the realization of mankind's potential are demonstrated as past Key Club members continue their Kiwanis-family involvement by becoming CKI members. Kiwanis family support is strengthened year after year as an increased number of Key Club members join the ranks of CKI during their collegiate career.

CKI is the world's premier collegiate service organization. A member of the Kiwanis family, CKI boasts a membership of more than 13,000 members on over 560 campuses around the globe. The consistent increase in membership is a result of the strong leadership, service, and fellowship.

Are you looking for a way to continue your involvement in community service? Is serving the children of the world important to you? When you arrive on campus, you will find that numerous organizations will vie for your time and membership. In college, you will find that many clubs and organizations promote volunteerism and community involvement. In fact, many universities have adopted a service-learning program. However, these programs, clubs and student organizations do not offer the blend of service, leadership and fellowship that you will find in CKI. Members are committed to service as an important element of club activities.

Service

As a Service Leadership Program of Kiwanis International, CKI shares the focus of serving the children of the world. In support of this effort, the CKI service initiative is *Focusing on the Future: Children*. This initiative encourages members to address the issues facing children ages 6-13 and to find solutions through service for addressing these issues.

Leadership

Through the mission and vision of the organization, CKI is dedicated to the realization of mankind's potential. The potential lies in its ability to positively influence members of society who are facing ultimate personal decisions and those who will one day create the vision of mankind for generations to come. Leadership opportunities afford members the resources and tools needed to become active citizens. Members can assume leadership responsibilities at all levels of the organization and through various experiential training conferences.

Fellowship

With each element and aspect of CKI, members experience fellowship and develop life-long relationships with fellow collegians, advisors, Kiwanians and citizens in their communities. Whether a member is mentoring a child, networking with career contacts, or bowling with fellow members, that CKI member is developing social skills, meeting new people and strengthening relationships.

If you are interested in becoming a CKI member or would like to learn more about what CKI has to offer its members, visit the CKI Web site at www.circlek.org.
