

Slice of the Policy

Compiled by the Policy, International Business,
and Elections Committee.

THIS MONTH'S POLICY:

151 | Member Dues

Each Key Club is required to pay \$4.50 per year for District dues for each of its members. International Dues shall be paid as required by Key Club International. Dues are effective on the date that the member is inducted, or, in the case of a continuing member, on October 1. A membership list must accompany the dues payment. Each person who registers to attend the District Convention must be a dues paying member of a club in this District unless specifically invited by the Governor. The District Office shall not allow a person to register for the convention if their name does not appear on a club roster.

| REMINDERS |

Submitting dues on time is a **very important** part of becoming a Key Club member. These dues allow us to fund many of the great projects and events put on by District and International. All dues need to **be submitted** by **December 1**, but if they are submitted before the Early Bird deadline of **November 1** the club will be recognized with the Early Bird patch. In order to begin paying dues, club presidents need to get the email and password to the **Membership Update Center** from the faculty advisor. From there, club secretaries can begin adding members onto the club roster. Print the **invoice** and mail the invoice and dues either by check or card to **Key Club International**. **BEE** sure to also export the invoice to an Excel document to keep for the club records.
