

HEALTH AND SAFETY

Spotlight on Service Program Guide | June 2016 Issue

Educate and promote health and safety for the month of June! From hosting educational seminars and activities to partnering with local organizations, clubs and members are encouraged to participate in this month's focus. It is vital for the community to understand the importance of health and the life-saving measures of safety. Ensure that your community is ready for the summer through understand and promoting health and safety.

Having trouble coming up with ideas? We have got a few for you to consider. From fundraising to event ideas, we've got it all! If you have any questions, or concerns, feel free to email cnh.sp@gmail.com.

Event Ideas

Educational Seminars

Partner with a local organization in order to host events. Ask your community recreational centers, libraries, Boys and Girls Clubs, or camps to teach children about the benefits of living a healthy and safe lifestyle. Host a seminar and demonstrate to others what Key Club is all about!

Outdoor Club Socials

Get outside and promote activity to benefit health and safety. Enjoy a nice day of physical activity through hosting clubs socials! Invite the members you serve or other clubs to enjoy a Key Club Olympics, relay races, or a friendly sports tournament. Promote a healthy lifestyle through a healthy potluck!

Clean-Ups

Everyone should have access to a clean and safe environment. Encourage community service by hosting clean-ups of public areas. Parks, beaches, and community centers are a great place to start to find environments that need your help to restore.

Volunteer

Set up a service event to focus on the health and safety of your community! Partner and communicate with organizations dedicated to the wellbeing of people. Local food banks, shelters, clinics and community centers are always looking for volunteers to provide others to find necessary resources for health and safety.

Support and Spread our Preferred Charities

Educate your community and host events in order to spread our Preferred Charities. The Pediatric Trauma Program, Children's Miracle Network, March of Dimes, and the Eliminate Project all focus on the importance of health and safety. Raise awareness and have fun hosting themed events and educational presentations!

Fundraiser Ideas

DIY Goods

As mentioned before, our selected CNH Preferred Charities are a wonderful way to emphasize the importance of health and safety. Help fundraise this month to donate to these charities and provide resources to those in need.

This summer, get together in order to create PTP Care Bears, MNT bracelets, or DIY stuffy dolls to sell. Be sure to educate others of who these funds will be benefitting, in addition to spreading the cause.

Activities

Host certain events over the summer to directly benefit the CNH Preferred Charities! There are so many creative ways to raise funds. Consider hosting benefit concerts, car washes, movie or bowling nights, pie-in-the-face fundraisers, and so much more. From these events, the proceeds may be donated directly to charities with an emphasis on the health and safety of our world and communities.

Donation Jars

Reach out to local companies and stores in your area to place donation jars in various locations. Get to know your community better, while making a lasting impression on people outside of Key Club! Collect funds from across your city, and see how you can get your community involved.

Food Sales

Everyone loves food! This summer, set up concession stands at local sports games or practices, create a lemonade stand, or have a bake-a-thon. Partner with corporate companies to set up fundraising dates. Through various different restaurants, a percentage of the day's proceeds will be donated back to you!

Food and Supply Drives

Health, wellness, and safety can be promoted by providing the necessary tools to your community. Set up a drive to gather personal health products and food. Contact a local community center, shelter, or bank to donate these essentials to make a difference locally.
