

# Kiwanis-Kids

Compiled by the  
Kiwanis Family  
and Foundation  
Committee

K-Kids is the **elementary school** branch of Kiwanis International. Though they may be young and small, they help their communities in a big way! From helping the elderly with chores to fundraising for school sports equipment, these K-Kids know the importance of service!

## How Can Key Club Help?

**1. Find** advisors, members, and a place to meet.

A Kiwanis club and a CKI or Key Club can co-sponsor!

**2. Help lead** in getting paperwork, training club leaders, and building spirit! **3. Initiate service** within the club by helping create service projects and fundraising ideas.

## Builders Club

Similarly, Builders Club is the **middle school** branch of Kiwanis International, and has **45,000** members! Service, whether it's raising funds for HIV/AIDS prevention in Africa or organizing recycling drives, is something Builders Club isn't afraid to tackle!

Similarly, co-sponsoring a Builders Club can help give these middle school students the guidance into their service and leadership-oriented teenage life! The steps for sponsoring a Builders Club is similar to K-Kids, though more service opportunities are open because of the difference in age and maturity.
