all about the **PEDIATRIC TRAUMA PROGRAM**

Visualizing the Effect Partner Hospitals in the District

What is PTP?

In 1994, the Kiwanis CNH Foundation created the Pediatric Trauma Program after recognizing the need for education and training in pediatric trauma and injury prevention! Their goal was to decrease the number of children who are severely injured or killed due to traumatic, unintentional injuries. With six partner hospitals, Oakland, San Diego, Loma Linda, Madera, Honolulu, and Reno, the money raised goes to assisting these hospitals through grants and subsidizing pediatric trauma safety items for families to purchase. The donations are also used by the partner hospitals to create or expand community programs and create grants for Kiwanis and SLP clubs to reach more children in other communities.

Need some Help?

You can apply for a grant of up to \$250.00 to hold a PTP-related service project! Go to the CNH Cyberkey > Resources > Kiwanis Family & Foundation > CNH Foundation > "SLP PTP Grant Application Link" to make your service project dreams a reality!

How to Contribute

Clubs can participate and support PTP by having bake sales, selling gift cards for local restaurants, and connecting with other clubs on campus to share ideas for fundraisers. Clubs can also host events to make toys that are safe to donate to PTP. To encourage members to participate in PTP events and fundraisers, make sure to plan it when it is convenient for everyone to attend, also make it fun and exciting to make it inviting for everyone. Have fun and raise money for a great cause!

Questions? Comments? Concerns?

Don't hesitate to contact CNH PTP Coordinator Cynthia Huynh at cnhkc.ptp@gmail.com, or your Lt. Governor!
